## BONFIRE GUIDELINES:

- Only burn dry material
- Never burn household rubbish, rubber tyres or anything containing plastic, foam or paint
- Never use old engine oil, meths or petrol to light the fire or to encourage it
- Avoid lighting a fire in unsuitable weather conditions and ensure that smoke does not drift towards neighbouring properties
- Never leave a fire unattended or leave it to smoulder

## ORGANIC WEED CONTROL:

- Hoeing is probably the best method of destroying annual weeds, but the roots of perennials need to be dug up
- Mulching with well rotted manure or compost keeps weeds at bay
- Cover weeds in overgrown areas with carpet, newspapers or black polythene. Excluding the light will gradually kill the weeds.
