Blooming Partnership between Town Council

&

West Somerset Community College

Each year the Town Council invites businesses in the centre of Minehead to purchase hanging baskets in order to brighten up their premises during the summer months. This initiative has become so popular that these baskets are now a permanent fixture. Minehead Town Council are always looking to promote working joint ventures on a community level and this year have approached the College to undertake the challenge of producing the baskets for use in the council funded floral displays.

Mayor Cllr Tony Berry said "This is a good use of a local partnership between the town, the college and it gives the students a project which they will see in there town"

Companies wishing to order baskets and the watering service are invited to contact Minehead Town Council
